Learning Support Plan Development Team:

Present Levels of Performance:

The present levels of performance should include specific information addressing the following:

- The strengths of the student;
- The input of the parents for enhancing the education of their child;
- The present level of performance including the student's most recent performance on school-wide assessments such as the MAP.
- How the student's learning needs impact her or his progress in the general education curriculum;
- A record of past services received by the student, if available and appropriate.

Student Strengths:

Parental Input:

Current Level of Academic Performance
